### Resource Description

#### **Early Warning System:** ☒

resource focus on systems used to warn populations of high temperatures, extreme weather, or other elements of climate change to prevent harm to health

A focus of content

#### **Exposure :** ☒

weather or climate related pathway by which climate change affects health

Ecosystem Changes

#### **Geographic Feature:** ☒

resource focuses on specific type of geography

None or Unspecified

#### **Geographic Location:** ☒

resource focuses on specific location

Global or Unspecified

#### **Health Impact:** ☒

specification of health effect or disease related to climate change exposure

General Health Impact

#### **Model/Methodology:** ☒

type of model used or methodology development is a focus of resource

Outcome Change Prediction

#### **Resource Type:** ☒

format or standard characteristic of resource

# Climate Change and Human Health Literature Portal

Policy/Opinion

## **Resilience:**

capacity of an individual, community, or institution to dynamically and effectively respond or adapt to shifting climate impact circumstances while continuing to function

A focus of content

## **Timescale:**

time period studied

Time Scale Unspecified
